Divide Extension	
------------------	--

DIVIDE EXTENSION NOW SHIPPING ORE

Trucks again are hauling ore from the Divide Extension to the MacNamara mill. The ore being mined will run around the \$200 mark. An abundance of this rich rock has been broken and is in sight in the mine, and the Divide Extension can now be truthfully classed as one of the big mines of the Divide district.

WOMEN'S RELIEF CORPS HONORS VETERANS

The local Women's Relief Corps last evening entertained at cards at I. O. O. F. hall, and had as their guests three honored war veterans, J. A. B. Jordan, Ed Harmer and Frank Mills. Ice cream and cake were served about the campfire and a most pleasant evening was enjoyed by the aged veterans and ladies present. The next regular meeting similar to last evening's will be held on August 27.

AMUSEMENTS

BIG DOUBLE BILL AT THE BUTLER TODAY

Stunts, humor and thrills are on the program today when Tom Mix, the daredevil of the screen, will appear in his latest picture, "A Ridin' Romeo." Mix, as a cowboy, invents many comforts in this photoplay, some of which may be a help to those who hate to get up early on cold mornings. But he can't think of anything that will keep him out of trouble. He loves excitement, but he fails to see the humor in excitement pursuing him. His eyes open wide when he finds a baby on a rock. He thinks it has been abandoned. He takes it home to his cabin. The next thing he knows the sheriff is after him for kidnapping. Tom wrote the story himself, and it is filled with big thrilling and laugh-provoking scenes. * This is not all of today's bill, however, for Johnnie Hines, another headliner, will be seen in a two-reel

Torchy comedy, "Torchy Turns Cupid," a story of the red-headed office boy who is conceded to be the funniest character in motion pictures. Tomorrow, May Allison in "The Last Card" and Pathe News. Coming Monday, Betty Compson, of "Miracle Man" fame, in "Prisoners of Love."

The OIL is There--

according to five well-known geologists who made a careful examination of Fish Lake Valley. The surface indications are ideal. Our field superintendent, one of the most experienced oil men in the country, assures us it is PRACTICALLY CERTAIN we shall encounter commercial oil in the next six weeks. This stock should easily go to \$5.00 a share when we strike the oil, as it seems we are almost certain to do.

EXPLORERS WILL HUNT FOR OIL IN NORTH ALASKA

(By Associated Press)

SEATTLE, Wash., July 13. Search for oil believed to be secluded in Uncle Sam's last frontier along the Arctic coast from Point Barrow to the Canadian boundary line at Deception Point will be undertaken by two exploration parties from California, now at Nome outfitting for the trip, according to advices here. The existence of a "lake of oil" in the far north of Alaska was reported five years ago by a teacher at Point Barrow. Natives later described the same lake, telling of oil bubbling through the tundra in large amounts.

While this oil lake, a few miles east of Point Barrow near the Arctic coast is said to be the object of the California prospectors, it is understood they will investigate the entire Arctic slope from Point Barrow to the Canadian line, a distance of nearly 300 miles. Alaskans who have visited the region said they believed oil would be found there. Beach coal, broken from ledges jutting out on the Arctic shores, have often been encountered along the coast, they said. Coal has been mined at Cape Lisburne and at Wainwright, southeast of Point Barrow.

NOISE TABOO AT BAND CONCERTS

(By Associated Press)

COLORADO SPRINGS, Colo., July 13. Municipal Band Director Lou Link is wondering whether he has committed the municipal band definitely against jazz selections by complaining to the police about disturbances at public concerts in the parks. Police have been ordered stationed at the parks during concerts as a result and Chief of Police Harper has issued these instructions: "Noise will not be permitted at the concerts."

SEAL ADOPTS ITS RESCUERS

(By Associated Press)

PRINCE RUPERT, B. C., July 13. —A baby seal, following its rescue from a vicious attack by four eagles, adopted its rescuers, Captain J. McGregor, V. C., and his three companions. The seal was putting up a plucky but losing fight against its assailants from the sky when the launch party took it aboard.

On the way to Prince Rupert the seal was put overboard, as it was thought that was where it belonged. But the little fellow thought otherwise and followed the boat right into port. It is now a very indulged pet.
